PRODUCT PROFILE # 539A

TU
TERMINATION UNIT

This device is for the INTREPID™ MicroPoint™ and MicroNet™ Fence Detection Systems. The Termination Unit (TU) provides a fast and low cost method of terminating the MicroPoint cable. The MicroPoint cable is landed and terminated in the TU. *Note: not intended for use with the MC315 armored cable*.

It includes the termination unit circuit board, outdoor weatherproof enclosure, dielectric grease and cable ties for mounting. The MicroPoint cable is inserted through the empty slot(s) of the bottom plug and connected to the open terminals on the terminal strip. The termination of the MicroPoint cable is the same as on all the other modules. The dimensions of each box are 5" x 4" x 2.5" (127 x 102 x 63mm) with horizontally oriented mounting tabs and 5.5" x 2.87" x 2.5" (140 X 78 X 63mm) with vertically oriented mounting tabs. It weighs 1 pound (.45kg).
